Dear Parent,

We subscribe to an online resource and app called “Learn with Emile”. This means your child has FREE access to this resource and we would like you to encourage regular use at home. Here’s what you need to know:

**IT’S FREE.** The app can be downloaded for nearly all devices (including mobiles) from here: <https://emile-education.com/app-downloads/learn-with-emile-app-download/> or from the Microsoft, Google Play or Apple Stores – it’s called “Learn with Emile”. A web version can also be accessed using a browser: <https://web.emile-education.com>.

**HELPS STUDENTS.** The resource has been shown to have significant improvements in learning outcomes when used regularly. Please help encourage your child to use it 10 minutes a week.

**STUDENTS ENJOY PLAYING THE GAMES.** The resource works by students being assessed and then allocated games and activities at their level. Students really enjoying playing the games, getting live feedback and making progress.

**MULTIPLAYER GAMES.** Students can compete in groups or as a class at their own difficulty level. The use of competition and multiplayer games is a great way to encourage engagement. As the students will be competing at their level, they will be able to beat their competition irrespective of level, so there’s no reason for anyone to become discouraged.

**TAMAGOTCHI.** Every student gets a Tamagotchi to look after and customise using points and coins earned by improving their level and playing games.

**PARENTAL SUPPORT IS CRITICAL.** For children to be fully motivated and for them to get the best out of the practise, they need an adult's help. Without a Parent's praise and reminders, without sitting down together or checking their work, practising will not feel important.

Your child’s **username** and **password** can be found below.

If you have a question or want to offer your thoughts on any of the above, please bring them to the attention of your child’s teacher.

Yours sincerely,
